Versa-Link

Oatey Versa-Link 1/2" clamps are the newest addition to Oatey's extensive line of pipe support products.

- Can be used with all kinds of pipe, including PEX, CPVC-CTS, and copper tube
- Secures and organizes pipe lines easily in both vertical and horizontal studs for a professional appearance
- Pre-loaded with nails or drill-point sheet metal screws
- Two-Pipe Clamp created to securely support hot and cold lines
- Easily accommodates an additional pipe-line with one Pipe Clamp, which snaps to the Two-Pipe Clamp

17-3520	Two-Pipe Clamps with Nails	33680	20
17-3522	One-Pipe Clamps	33682	10

Strong Arm™ with PEX Bend Lock Block™

Twisted bracket with two plastic bend supports. For 16" and 24" Stud Bays.

17-5115	For 16" stud bays	525-162PB	25
17-5120	For 24" stud bays	525-242PB	25

Strong Arm™ with Lock Block™ CTS Tube Clamp

- Rigidly secures any CTS stub out and prevents all movement
- Lock Blocks are pre-assembled on each pair of brackets
- Twisted brackets easily mount to the face of the stud
- Lock Blocks compress on tube and brackets once screws are tightened down
- Available for 16" and 24" stud bays
- For use with any 1/2" through 1" CTS pipe (copper, PEX, CPVC, PB)

17-5117	For 16" stud bays	525-1622	25
17-5119	For 24" stud bays	525-2422	25
