Floor Drain Bodies

General service floor drain for use in showers, toilets, kitchens and other finished areas where foot traffic is expected. The round top strainer head is used for all types of poured finished floors. The square top is particularly adaptable to floors that are finished in material of square or straight line pattern. Reversible flashing collar permits adjustment of the strainer to meet finished floor level.

Code #	Description	Box Qty.	Mfg. #
78-1007	2" Drain Body - No Hub	1	2005Y
78-1012	3" Drain Body - No Hub	1	2005Y
78-1017	4" Drain Body - No Hub	1	2005Y

Combine 2005 floor drain body with the drain strainers listed below.

Floor Drain Strainers

Roof Drains

Roof Drains

Used in flat roofs of any construction. Large low profile dome provides sufficient free area for quick drainage of rain water and protects the drain sump and connected piping from the intrusion of debris. Wide clamping surface holds flashing and roofing materials without puncturing.

Code #	Description	Box Qty.	Mfg. #
78-6812	3" Roof Drain - No Hub	1	1010Y
78-6817	4" Roof Drain - No Hub	1	1010Y
